

## The Program

The Community-based Care Transitions Program aims to improve your health care transition when you leave the hospital. Currently there are 12 area hospitals partnered with the Community-based Care program.

**This program is funded by Medicare Innovation Center at no cost to the Medicare patient.**

## Your Transitions Care Can Include:

- Addressing your transitions of care needs and concerns
- Simplifying Health Information
- Assisting in understanding your Discharge Instructions
- Reviewing Medication
- Connect you with Community Resources

## Four Pillars

Your Transitions Care Coach works together with you and/or your caregiver in the following ways:

Create a Personal Health Record to organize your health information

Review your medications

Work together with you to ensure that you have a follow up appointment with your Physician

Understand when to call your Physicians concerning your health

# The Partnership

KCQIC has partnered with 12 area hospitals along with physicians, skilled nursing facilities and home health agencies in the Greater Kansas City Area. The goal is to improve coordination of care as you transition from the hospital.
